

Minutes
CT Workgroup on Challenging Behaviors
Training Committee

November 15, 2005

Meeting attended by Kathy Bruni, Lee-Ann Boatwright, Cher Michaud, Cristina MacGillis, Theresa Velendzas

- I. Review of task progress:
 - a) cost for conference at Aqua Turf
 - b) cost or availability at convention center
 - c) use of area colleges
 - d) availability of Julie Robison for measures

- II. Development of a preliminary Resource List for providers:
Discussion regarding collection of information possibly through statewide questionnaire as an added item, as part of needs assessment or peer recommendations at upcoming conferences. Concern expressed about appearing to suggest particular programs as well as concern about criteria for placing resources on the list.
ie: Best Friends Approach and QBS Software

- III. Work with other committees: If W10 work through Policy Committee takes effect, then perhaps a workshop at the next conference could be on that topic. The same would go with any other legislation that the Workgroup supports that effects changes in nursing facilities.

- IV. Goal is to get feedback from workgroup on having a less formal conference with no keynote as well as idea of resource list.

- V. Future meeting date: January 6, 2005 9:30 a.m. Sigourney St.
